Group Fitness CLASS DESCRIPTIONS

GROUP TRAINING CLASSES

20/20/20: 20 minutes of cardio/20 minutes of muscle strengthening/20 minutes of core work; all combined in a fast-paced challenging workout.

Above the Belt: Strength your upper body and core with a combination of high and low intensity isolated movements. This intermediate/ advanced class will push you beyond your limit.

Arms + Abs: Focus on the upper body and abdominals. You will love the feeling of a stronger core and lean, firmer arms.

Barre Burn: This barre workout is a blend of ballet, fitness, and Pilates-inspired movements done at a calorie burning pace. Alternate between floor and barre segments designed to burn fat, elongate your muscles, and tone your whole body.

Below the Belt: This intermediate/advanced fat blasting class utilizes high intensity movements focusing on building muscle and sculpting curves in the lowed body with slower movements to help lift tighten and chisel the perfect booty and legs. Get ready to sweat your butts ON!

Booty Blast: Strengthen and shape your waistline with this challenging and innovative class targeting the quads, glutes, hammies, and abs. This 45 minute class consists of lower body exercises designed to increase muscle definition and strength, while toning and tightening. If you want to firm, lift, and define, then this class is a must!

Circuit Fusion: A small group training session involving a system of different stations set up to exercise specific muscle groups while burning calories and working your whole body. Training stations alternate strength and endurance exercises with cardiovascular intervals.

Core Conditioning: A non-aerobic, muscle-toning class, focusing on core strength. This challenging class works to tone and condition all major muscles of the torso with the aim of increasing spinal stability, essential for posture and health. A fun and challenging way to whittle your waist.

FIT Camp: Fun, Intense Training! An innovative high energy style "boot camp" designed to jump start your morning. This style of training will motivate you to push your limits. A full body workout incorporating interval & circuit body resistance training, Plyometrics, and Calisthenics to test not only your body but your mind.

Power Hour: Heart pumping cardio intervals combined with weight and strength training plus core work. This non-stop body movement workout is designed to work all of your muscle groups.

Power Sculpt: This class includes a combination of aerobic conditioning and toning with weights, bands and body bars. You'll get cardiovascular training and strength training in this ca

Rock Steady Boxing (hosted by the Brain Center): Designed for individuals with Parkinson's disease. Improve your quality of life through a non-contact boxing based fitness curriculum. Exercises are largely adapted from boxing drills, vary in purpose and form but share one common trait: they are rigorous and intended to extend the perceived capabilities of the participant.

Speed & Agility: Train like an athlete! This class combines resistance training with functional and plyometric movement to improve quickness, flexibility, coordination, and agility. You will learn proper technique to eliminate wasteful movements.

Strength & Alignment: Create a leaner, stronger, more flexible body using classic sculpting and stretching techniques. Classes use muscular resistance and isolation in order to build strength while increasing flexibility and improving balance.

S.W.E.A.T.: Strength, Willpower, Energy, and Aerobic Training will get you through this workout which alternates segments of cardio, lower body work, and upper body work for a complete full body blasting workout. Get ready to feel the burn!

Tred N Shred: An indoor Boot Camp style class combining 25 to 30 minutes of interval cardiovascular training on the treadmill and 25 to 30 minutes of strength and conditioning training with free weights, steps, and other functional equipment.

Zumba: Zumba is a Colombian dance fitness program, which involves dance and aerobic elements. Zumba's choreography incorporates hip-hop, soca, samba, salsa, merengue, mambo, martial arts, and some Bollywood and belly dance moves. Come join our party!

Zumba & Tone: Designed for those who want to party, but put extra emphasis on toning and sculpting to define those muscles! Combine the Latin inspired dance rhythms with the benefits of strength and resistance training for a complete workout.

MIND AND BODY CLASSES

Core Pilates Training: A 45-minute class that combines challenging strength and body-sculpt conditioning exercises with Pilates-based core work to create lean muscle mass and a more flexible body. This mat-based workout is designed to establish core strength and stability and heighten mind body awareness.

Core Power Yoga: Ready to sweat? Core Power Yoga 2 is a rigorous yoga class with demanding strength postures that will have you moving, breathing and sweating! True to its name, this class focuses on building and engaging your core strength to support you in more advanced postures. Come strengthen, balance, detoxify and exhilarate your body and mind.

Dance Pilates: A rhythmic and creative flow of Pilates and Yoga inspired dance movement. A total body workout with choreographed sequences set to the beat of the music.

Exercise Training and Neuroplasticity: ETN is a class specially designed for Parkinson's patients. This class is supported by a grant from the Parkinson's Foundation.

Gentle Yoga: Modified postures and sequences allow all participants to enjoy the benefits of Yoga. Classes are built around health goals and levels of fitness, providing the right challenge for each individual and laying a solid foundation for wellness.

Pilates Fusion: A mat Pilates class combining a series of controlled movements designed to enhance strength, flexibility, control and balance with an emphasis on conditioning the core (strength for abs and back), while focusing on breathing and body awareness.

Tai Chi: This class involves a series of slow, meditative body movements that were originally designed for self-defense and to promote inner peace and calm. Tai chi increases flexibility, strengthens muscles & tendons and aids in the treatment of heart disease, high blood pressure, arthritis, digestive disorders, skin diseases, depression, cancer, and many other illnesses.

Yoga: This general yoga class utilizes the classical yoga postures and different sequencing for the purpose of strengthening, opening, and cleansing the body. Emphasizing safety and alignment; modifications are offered so that everyone can work at their own pace with their own authentic breath. You will leave feeling stronger, centered and refreshed.

Yoga Flow: Sweaty and challenging movement set to great music with an emphasis on fluidity and fun all guided by steady breath and good vibes. This class synchronizes breath and builds strength through continuous movement. Come move, breathe deeply and sweat!

CYCLE CLASSES

Cycle: Climb and sprint your way through our signature indoor cycling class. You will increase endurance, up your energy, burn major calories, and jump-start your metabolism in this fun and inspiring instructor-led cardio class.

Cycle & 6 Pack: Our signature indoor cycling class plus 15 minutes of hard core ab exercises.

Cycle Sculpt: A 90-minute class combining an intense body strength workout with cycling, sculpting and toning. This intense class combines cardiovascular, stretching and strength-training exercises to help burn calories and tone muscles all at once.
