MBJCC GYMNASTICS TEAM

The MBJCC Gymnastics Team consists of Pre-Team and 8 competitive levels. Pre-Team is designed for those gymnasts that have the desire and motivation to work hard and show a potential for competitive gymnastics. Levels 1 - 8 follow the USA Gymnastics Development Program Guidelines.

All children must try out to be part of the team. Children will be placed accordingly based on the Coaches' discretion after tryouts. The competitive season runs September through May and therefore requires a full year commitment.

PRACTICES

Practice days and times to be determined after tryouts.
Pre-Team & Level 1 • Twice/week
Level 2 • Three times/week

Every child progresses at different rates and times; for that very reason, there is never any pressure to attain certain skills, advance to another level or try and keep pace with any other participants in their class. We embrace individuality and celebrate success at all levels!

TOT GYMNASTICS

Children are introduced to each gymnastics apparatus and taught introductory gymnastics skills and body positions that help develop coordination, balance, strength, and body awareness. Children will also learn valuable social skills, such as working with a group, waiting your turn, listening to directions, and following directions.

BEGINNER GYMNASTICS

For those with limited or no gymnastics experience. At this level, gymnasts are taught the basic floor skills such as forward rolls, cartwheels, and handstands while building self-esteem and self-confidence. Children will continue to be introduced to all Olympic events, including vault, uneven bars, and balance beam with a focus on flexibility, coordination, and strength. As the children progress, they will begin to learn simple gymnastics routines and focus more on correct form.

INTERMEDIATE GYMNASTICS

Gymnasts at this level must have met the requirements in the beginner level with good form and technique as this class is designed to continue to build upon that foundation. While the basics are always reviewed and applied, it is now time to challenge what they've learned, refine their skills and develop more advanced techniques of execution on each gymnastics apparatus. In an ever evolving sport, they will be exposed to more practice time and even some conditioning.

ADVANCED GYMNASTICS

Gymnasts at this level must have met the requirements for the Intermediate level. Now that their skills have developed, strength has increased, focus has lengthened and awareness has peaked, gymnasts will approach some of the most complex and intricate skills in recreational gymnastics! It's not just about skills... conditioning and flexibility play a huge role as the difficulty level has been amplified exponentially!

TUMBLING (INVITE ONLY)

This is an intermediate/advanced class and designed for those who have mastered handstands and back walkovers. Gymnasts will work towards performing back and front handsprings and starting drills for advanced tumbling skills.

PRE-TEAM (INVITE ONLY)

The Pre-Team Program was created for those children who demonstrate natural flexibility and strength and have a strong desire to perform gymnastics. The primary objective of the Pre-Team program is to provide your child with the necessary foundation to perform competitive gymnastics. The main focus will be on developing strength, flexibility, and reinforcing the proper body positions to perform complex gymnastics skills. All Pre-Team members will be evaluated two times a year for the option to move to the Level 1 Team if they desire.
