PARENT/CHILD SWIM

3 MONTHS - (APPROX.) 30 MONTHS

Play games and sing songs so that your child can associate the pool with a fun experience with a parent. Our highly trained instructors provide you with the tools to make your babies strong swimmers and improve both physical and cognitive development. It takes 50 - 100 hours of water time for your child to become a strong swimmer, and most importantly, for you to have piece of mind in and around the water. As your baby grows into a toddler and gains more experience in the water, we continue to teach accelerated skills that go along with a wide selection of games and songs. Through the progression and development, babies/toddlers will learn to protect themselves from danger, and understand and respect the water. They will realize their limits and slowly reach aquatic independence.

ART & ME
Through art children can learn and explore with exciting and messy open-ended unconventional art materials. Little ones learn about colors, textures, and shapes while developing fine motor skills and expressing their creativity. Come dressed to get messy.

MY GYM
My Gym brings extensively trained instructors, fun parent and me classes, flexible programs, beginning gymnastics, games and more.

YOGA
Come ready to share, sing, play, learn yoga poses and creative breathing exercises, and enjoy relaxing connecting time. YoMu is a unique experience combining yoga with the power of live music

TWINKLE TOES
A great introduction to dancing for children just developing their coordination. The teacher guides in a way that makes discovering movement, balance and listening skills easy and fun. This class is an excellent first group activity and opportunity to develop a stronger bond in a fun, safe and nurturing atmosphere.

Mady's Dance Factory aims to provide an uplifting, motivating, and supportive environment where the dancer experiences that joy and transformation on the body and soul that we like to call DANCE.

MIGHTY MITES
Have a blast while learning new games! Children will learn how to run, jump, kick, throw, catch, skip, and much more. This class will help build balance, strength, coordination, and focus on gross motor skills while having lots of fun.
*A parent/designated adult must remain present during each class.
