PARENT/CHILD SWIM

3 Months – (Approx.) 30 Months

Play games and sing songs so that your child can associate the pool with a fun experience with a parent. Our highly trained instructors provide you with the tools to make your babies strong swimmers and improve both physical and cognitive development. It takes 50-100 hours of water time for your child to become a strong swimmer, and most importantly, for you to have piece of mind in and around the water. As your baby grows into a toddler and gains more experience in the water, we continue to teach accelerated skills that go along with a wide selection of games and songs. Through the progression and development, babies/toddlers will learn to protect themselves from danger, and understand and respect the water. They will realize their limits and slowly reach aquatic independence.
